Introduction and Summary of FY07 Statistics

The 2006-2007 (FY07) edition of Iowa Public Library Statistics includes information on income, expenditures, collections, circulation, and other measures, including staff. Each section is arranged by size code, then alphabetically by city. The totals and percentiles for each size code grouping are given immediately following the alphabetical listings. Totals and medians for all reporting libraries are given at the end of each section.

There are 543 libraries included in this publication; 530 submitted a report. The table of size codes (page 6) lists the libraries alphabetically. The libraries in each section of the publication are listed by size code, then alphabetically by city.

The following table lists the size code designations, the population range in each size code, the number of libraries reporting in each size code, and the total population of the reporting libraries in each size code. The total population served by the 543 libraries is 2,248,279. Population data is used to determine per capita figures throughout the publication.

Size	Population Range	Number	Total Population
A	Less than 500	141	46,266
B	500-999	138	102,612
C	1,000-2,499	134	208,088
D	2,500-4,999	50	170,244
E	5,000-9,999	42	289,290
F	10,000-24,999	15	213,856
G	25,000-49,999	10	301,863
H	More than 50,000	10	855,424
I	County Library	3	60,636

Library size codes are based on the jurisdiction population of the city, i.e. the population of the city which the library was established to serve. Population figures are from the 2000 U.S. Census or special census.

Public library statistics are used at the local, regional, state, and national levels to compare library performance, justify budget requests, track library data over time, assist in planning and evaluation, and provide valuable information for grants and other library programs. Each of the 50 states collects information according to guidelines established by the Federal State Cooperative System for public library data (FSCS). The information contained in the Iowa Public Library Statistics is based on definitions approved by FSCS. Iowa received the Keppel award from FSCS for timely and accurate data collection in FY07.

FSCS also provides state-by-state rankings for public libraries. In FY05, the latest national data available, Iowa public libraries ranked as follows in comparison with other states (per capita):

Total Income-28	State Income-30	Visits-17
Books/Serials-13	Circulation-12	ILL/Borrowed-23
Public Internet Computers-7		

With 543 independent public libraries, Iowa ranks 4th, behind New York, Illinois and Texas, in total number of public libraries.

The following table compares FY06 and FY07 data for Iowa libraries.

Category	FY06	FY07	% increase
Total Income	97,392,900	99,368,011	2.0%
Governmental Income	83,933,169	88,057,210	4.9%
Total Expenditures	90,193,640	94,608,600	4.9%
Borrowers	1,898,758	1,980,599	4.3%
Visits	16,636,693	17,564,674	5.6%
Circulation	27,761,114	28,335,544	2.1%

The data elements and definitions used to collect the information included in Iowa Public Library Statistics are included in the Public Library General Information Survey section at the end of the document.

Income

The listings which follow are in alphabetical order by size code. Use the Table of Size Codes in the Introduction (Page 6) to locate a library. For definitions, see the Public Library General Information Survey section at the end of this document.

The Income section includes funding received from both government and non-government sources during FY07. Library per capita income from the city is included. (The per capita income is figured by taking the library's income from the city and dividing it by the population of the city.) The library's total income per capita is also included.

Size Code	City	Population	City	City per Capita	County	State	Other Government	Non-Government	Total	Total Per Capita

Expenditures

The listings which follow are in alphabetical order by size code. Use the Table of Size Codes in the Introduction (Page 6) to locate a library. For definitions, see the Public Library General Information Survey section at the end of this document.

The Expenditures section includes spending for library operations in various categories such as salaries and other staff costs, books and other materials, and other expenditures, such as supplies and plant operations. The amount spent per capita is also listed.

Collections

The listings which follow are in alphabetical order by size code. Use the Table of Size Codes in the Introduction (Page 6) to locate a library. For definitions, see the Public Library General Information Survey section at the end of this document.

The Collections section lists the number of total items available for use as of June 30, 2007, including print and audio visual materials. The number of items added and withdrawn during the year is also listed.

Library Loan Transactions

The listings which follow are in alphabetical order by size code. Use the Table of Size Codes in the Introduction (Page 6) to locate a library. For definitions, see the Public Library General Information Survey section at the end of this document.

The Library Loan Transactions section lists the number of times various types of library materials were checked out to library customers. The number of circulations per capita is also listed, as is interlibrary loan activity: the number of items loaned to other libraries (ILL Provided) and borrowed from other libraries (ILL Received); registered borrowers and visits.

The listings which follow are in alphabetical order by size code. Use the Table of Size Codes in the Introduction (Page 6) to locate a library. For definitions, see the Public Library General Information Survey section at the end of this document.

This section includes information about staff full-time equivalents (FTE) and director hourly salary, as well as information about reference transactions, hours, attendance at children's programs, public internet computers/users, and square feet of building.
